The 2020

The inspiration for this work comes from Bernard Faucon. 2020 is a special year. We all experienced a tough period this year. Due to the impact of the COVID-19 pandemic, many people can only stay at home and live repeated and humdrum life. I will pay tribute to Bernard Faucon and express my content with dolls. I will describe this year from two perspectives. The dolls represent my expectations for life during the epidemic. My perspective will reflect what I experienced during the COVID-19 pandemic. I named this work as The 2020. This is a special 2020. It is an irreplaceable and unique year.
