When I look at beautiful things,
I think of all the positive energy
in my life.

A sentence from the lacy cookie
children playing and laughing.....

You will be extraordinarily successful
in your business life.

ISN'T THIS
BEAUTIFUL?

Yixiao

Beautiful things shift.
Clouds shift from lonely clouds
to united clouds.

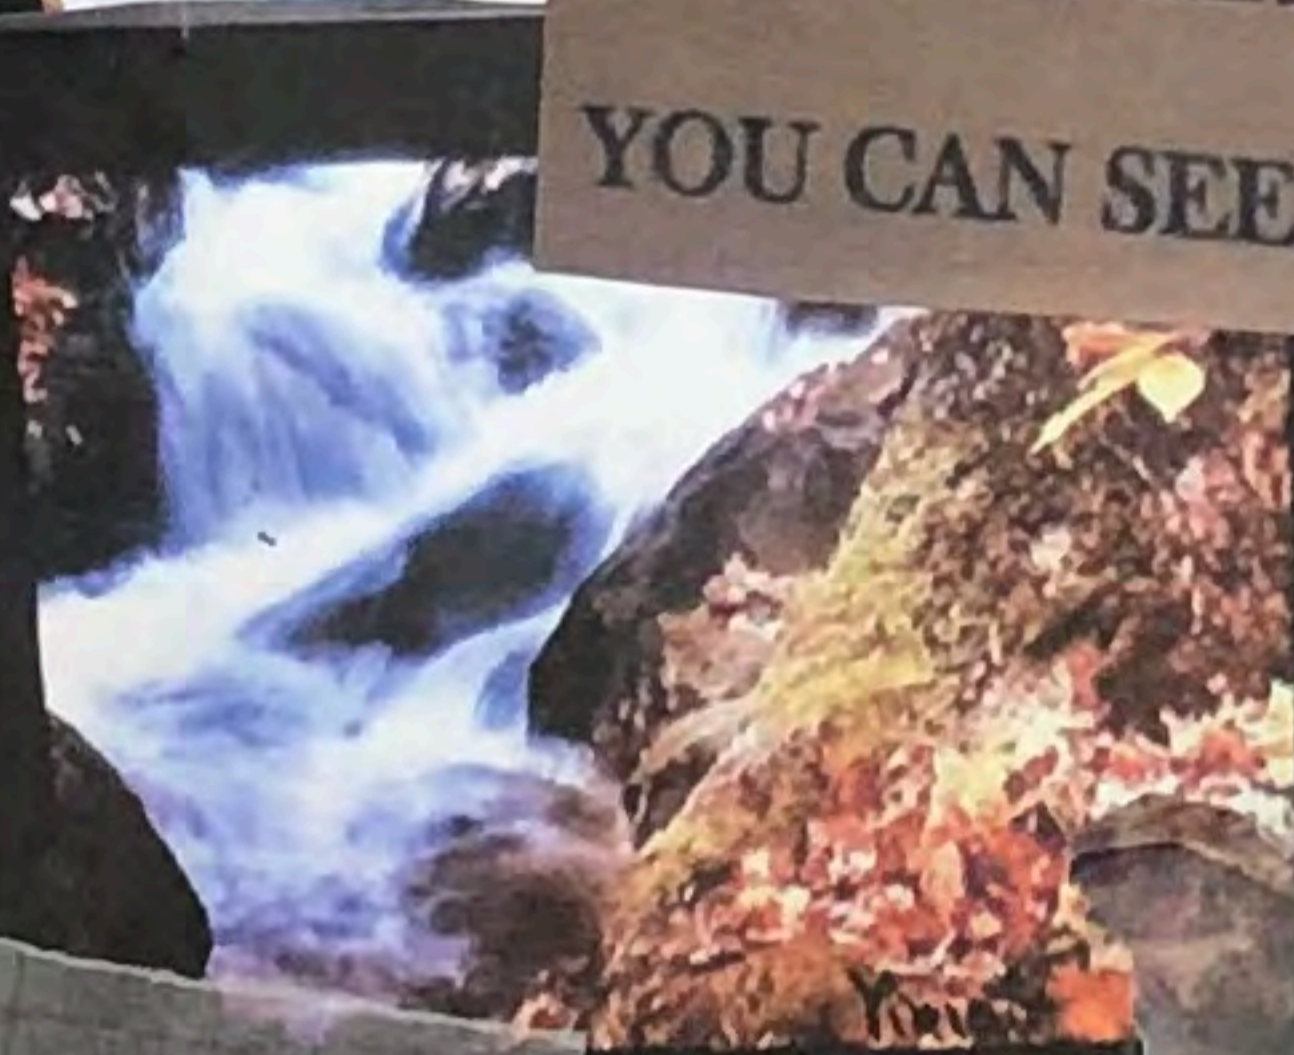

Water shifts all the time,
from one place to another, but
we can barely see the difference.

All we know is that it keeps
streaming and streaming.

We also shift, from places to
places, from thoughts to
thoughts, or from people to
people. What do you think
about SHIFT?

AREN'T YOU GLAD
YOU CAN SEE?

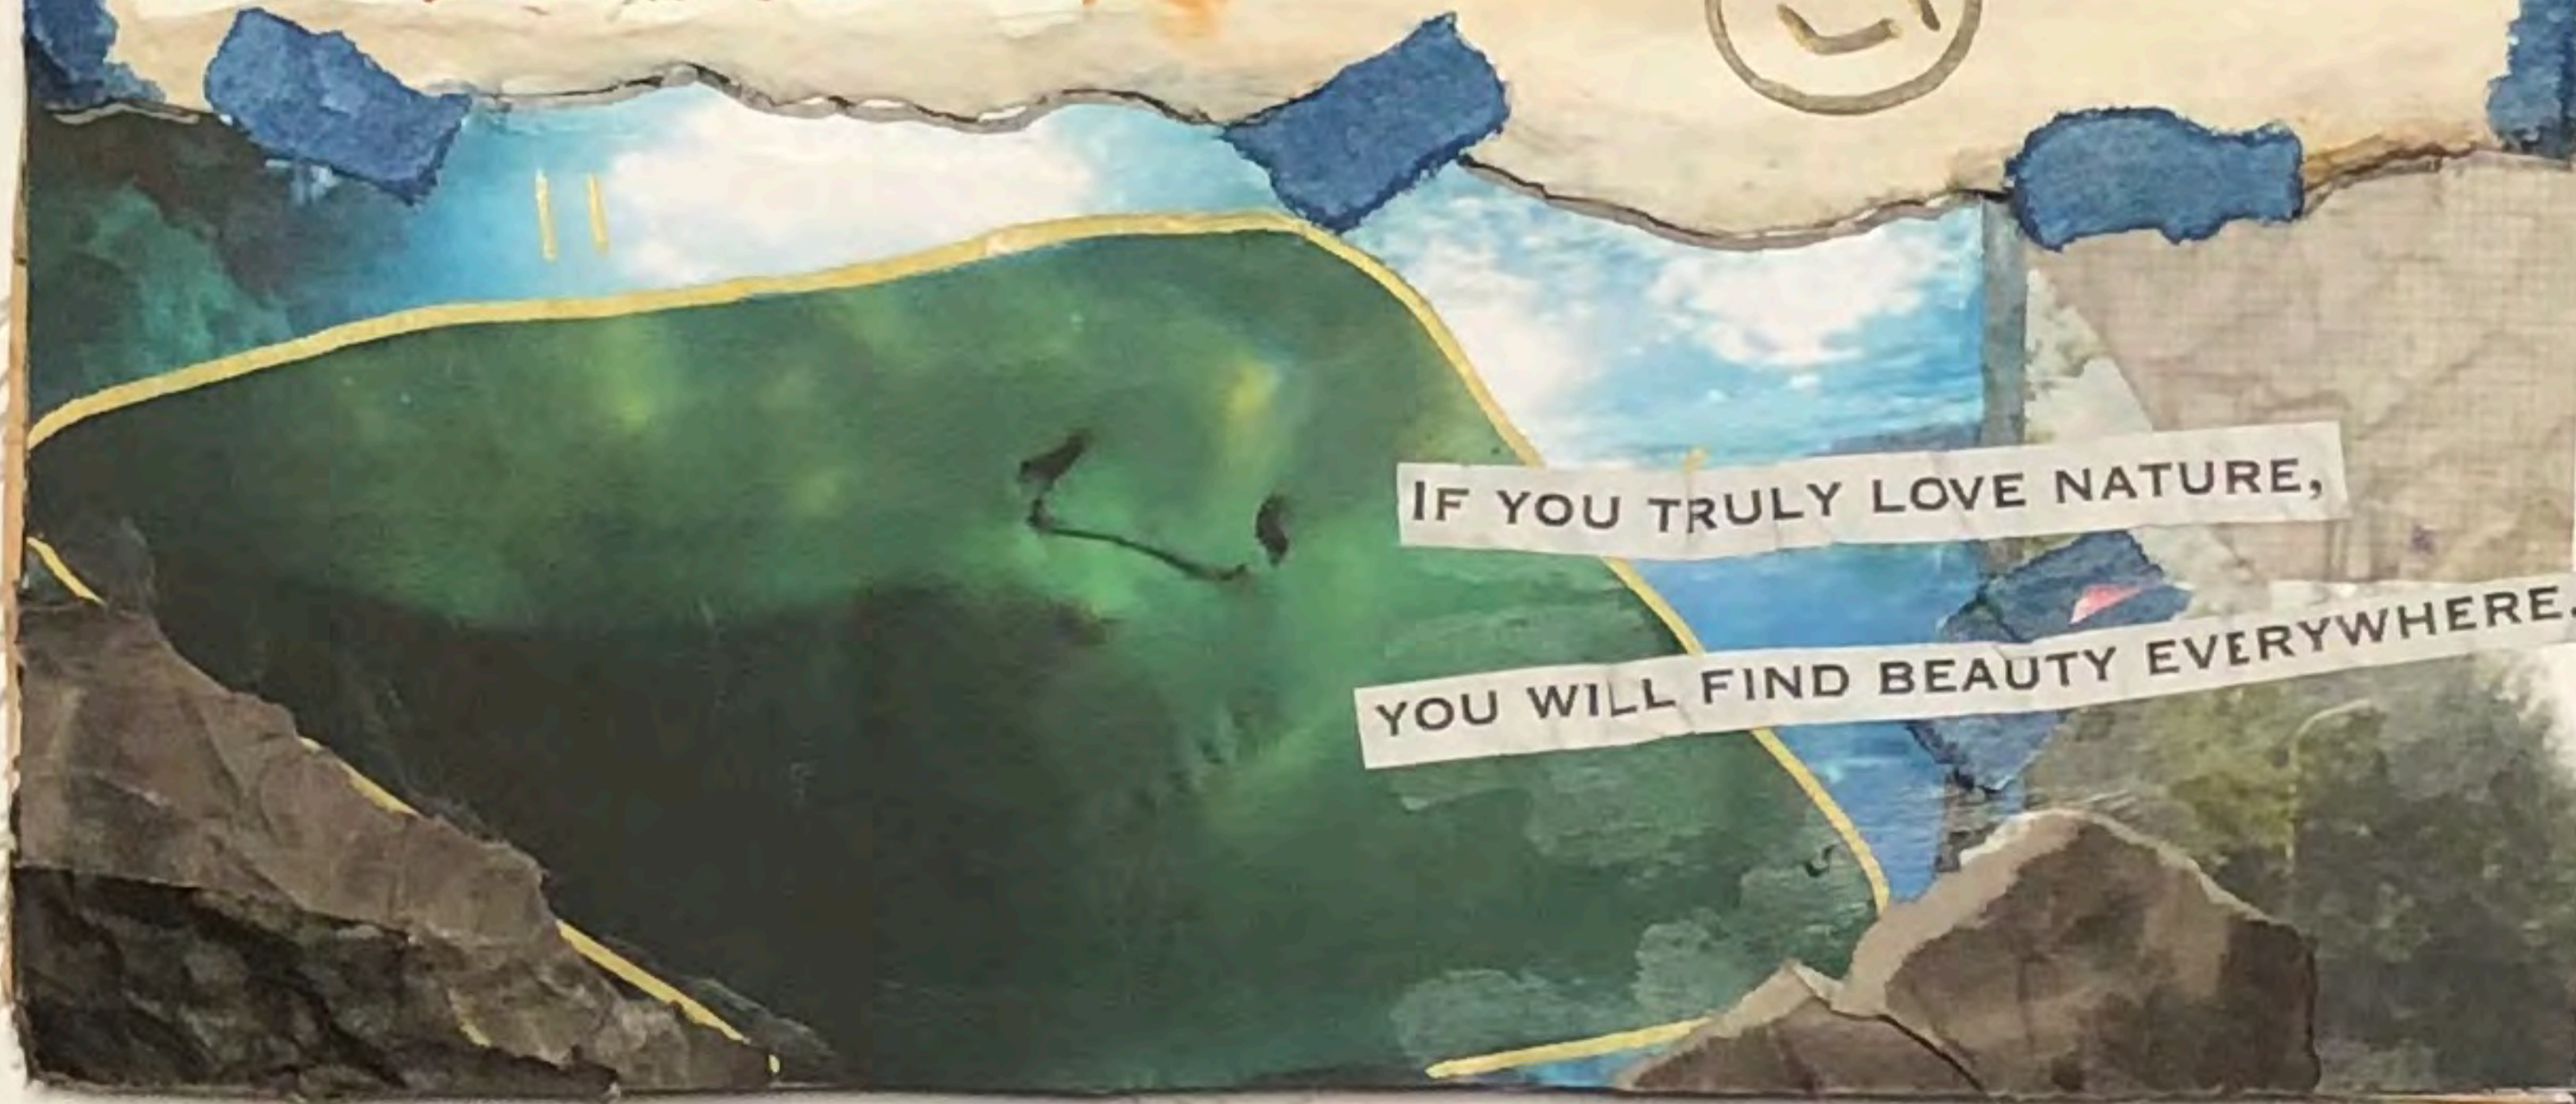

THIS
IFUL?
Yixiao

I dived into the nature, to see the beautiful things.
I see animals smiling at me, and plants waving their
branches. I hear raindrops and the sound of breeze.
I relax, with the nature

IF YOU TRULY LOVE NATURE,
YOU WILL FIND BEAUTY EVERYWHERE.

WHERE.

Flowers always make people

better,

happier,

and more helpful;

they are sunshine,

food,

and medicine to the soul

Flowers .

One of the most beautiful
creatures in the world .

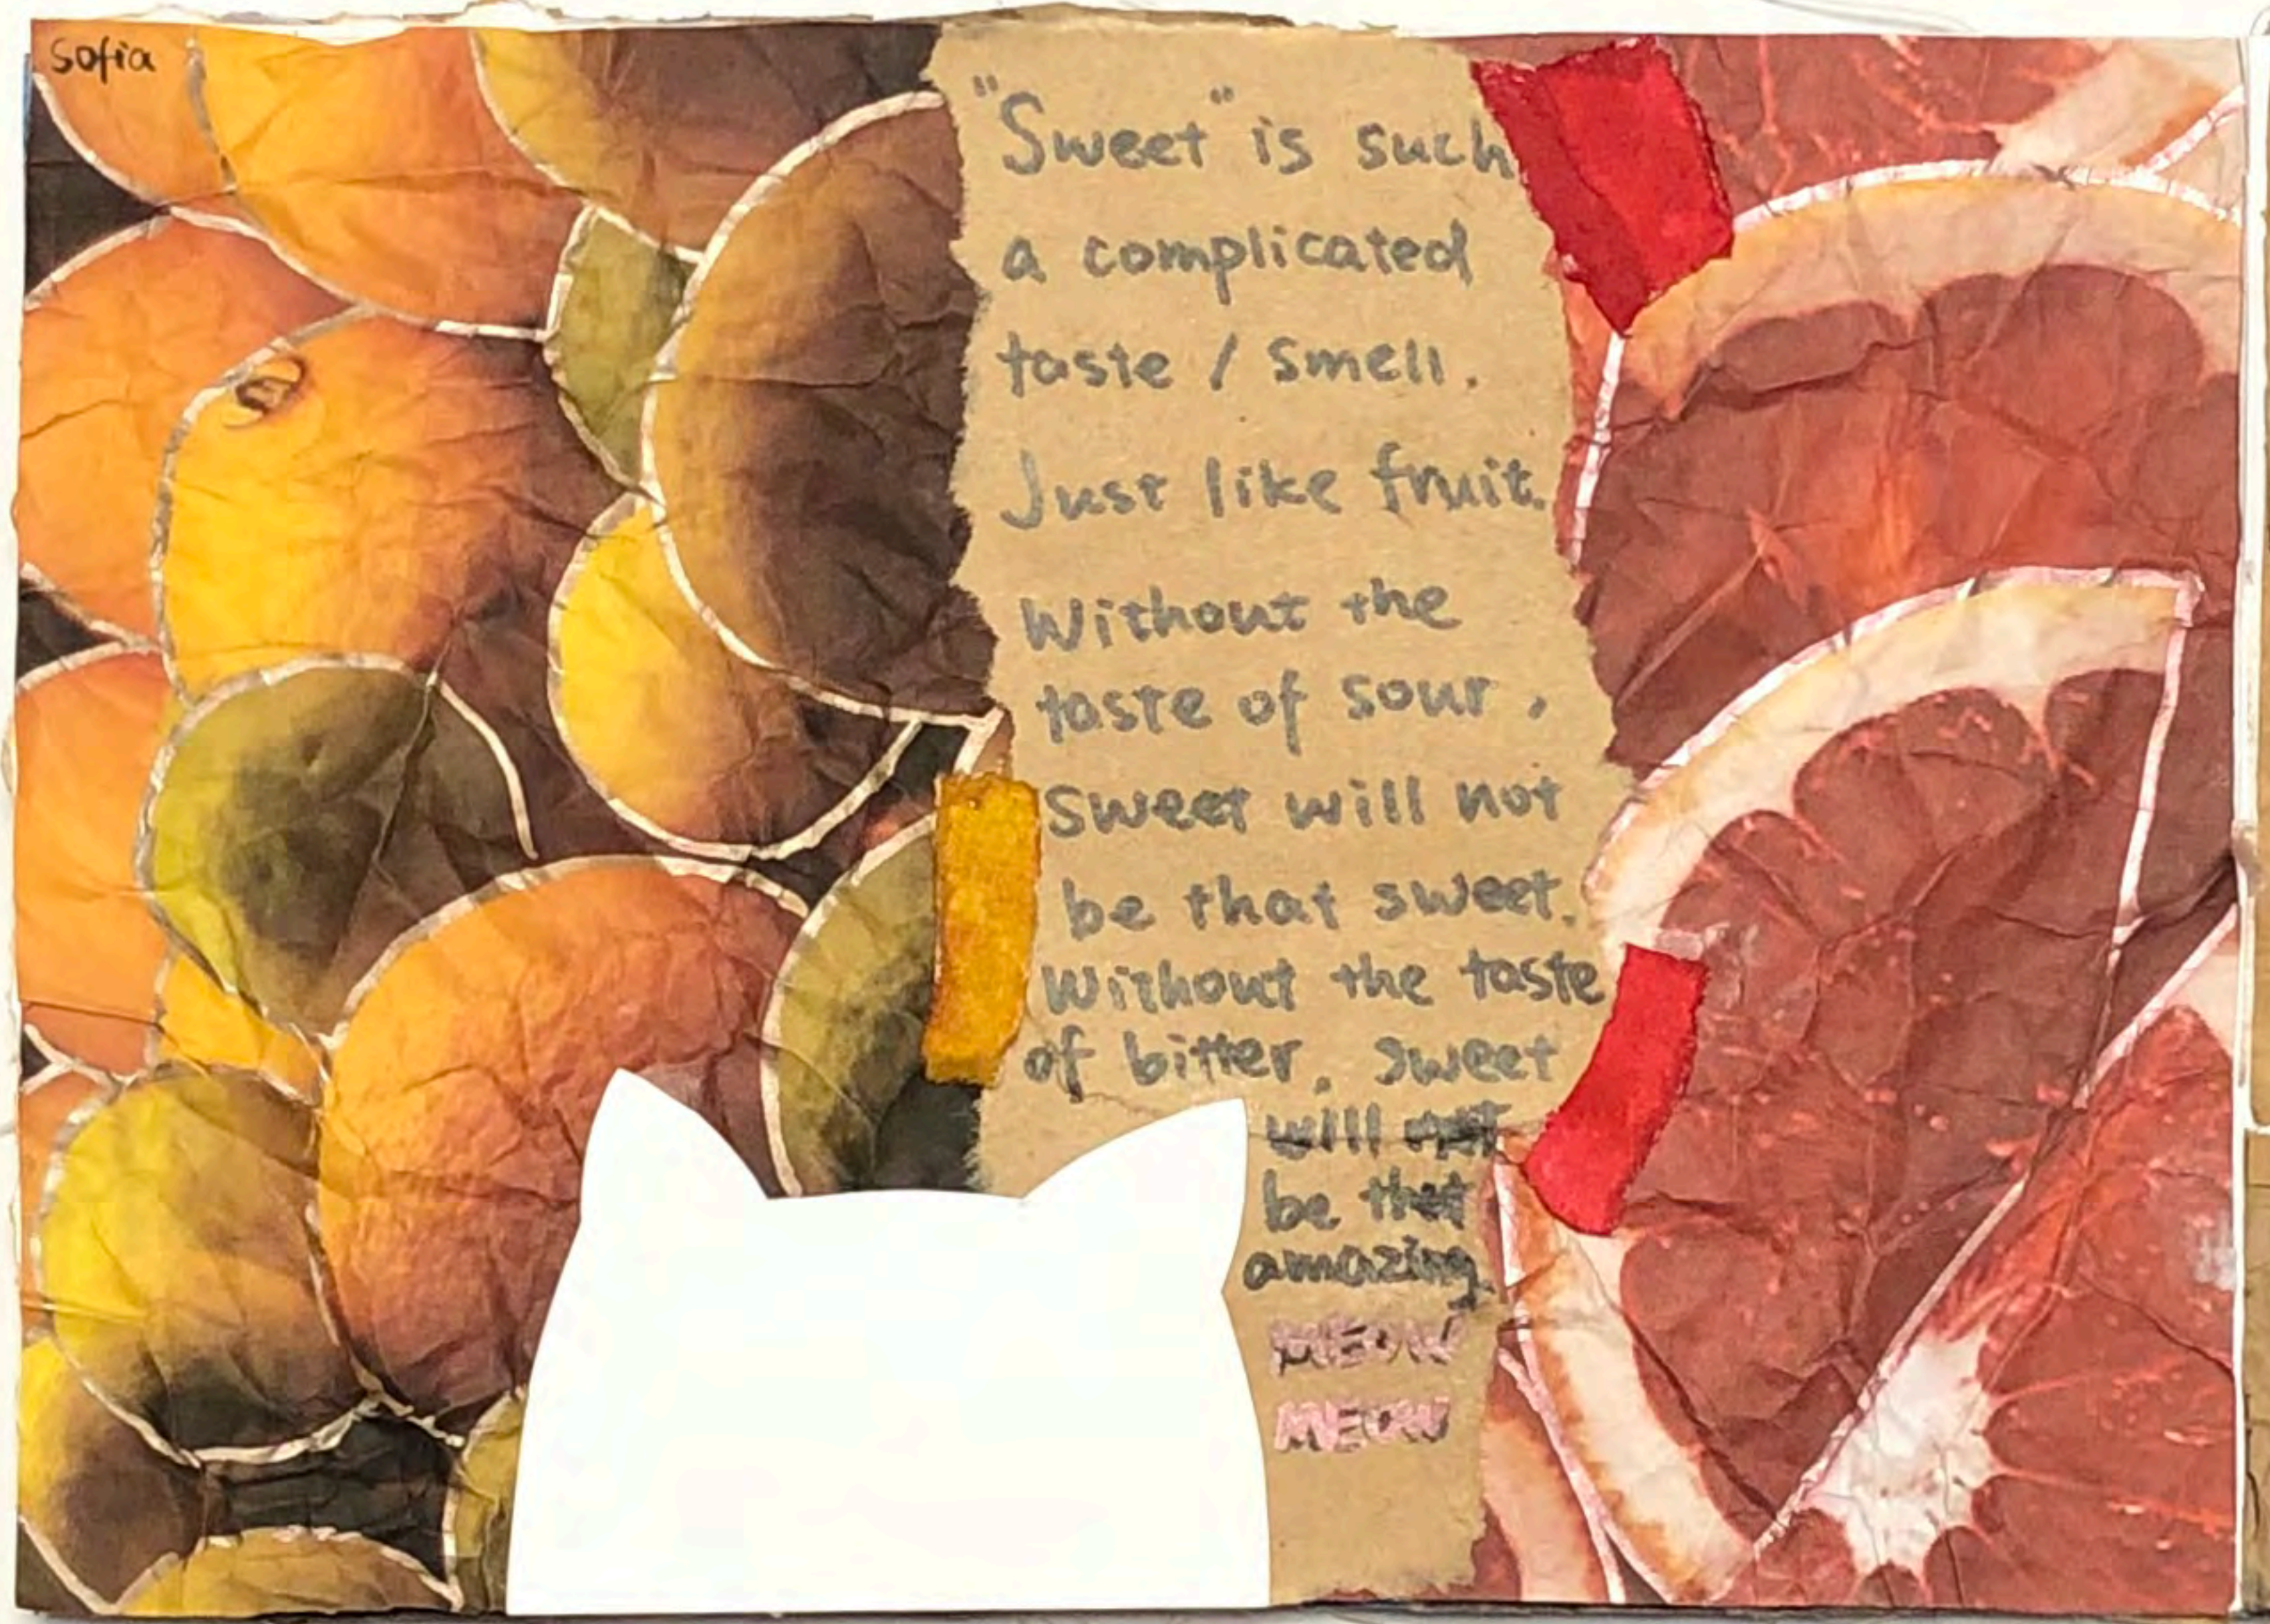

I walk past a osmanthus
tree . The sweet scent
brought me back to my
hometown . People pick
flowers from the trees in
the fall . The beautiful
fragrance is always by
our side . like a perfume
from the nature .

"Sweet" is such
a complicated
taste / smell.
Just like fruit.
Without the
taste of sour,
Sweet will not
be that sweet.
Without the taste
of bitter, Sweet

will not
be that
amazing.

Candy

is nature's way
of making up for
Mondays.

Cotton candies
are sweet. They
remind me of my
childhood. I used
to love watching the
floss shifting in the machine

I think of
toys when I
see cotton
candies, not
only because
they both look
fluffy, but
also because
cotton candies
are part of
the memories of
my childhood.
Toys. They were
the things that I
like the most as
a kid.

Being there for a child is
the most noble thing
a toy can do.

I remember the family gatherings when I was little. There were all kinds of food

Foodie

[food-dee] noun

a person with a particular interest in food; a gourmet that has the unique ability to turn a casual meal into a passionate.

Colors. They are important in cooking.
I start to think about colors in the world.
The color of sunset? The color of the dark?
There are countless colors in the world.
How do colors shift? They change naturally.

What is there in the dark?

Flowers? Fruit? Candies?

I've absorbed enough things today.

Now it is the time to feel the nature
by myself and call it a day.

What did I go through today? The
Shift from all senses.

I saw beautiful things, smelled
beautiful things, tasted beautiful
things, and touched beautiful things.

I saw them shift, from visible to
invisible, and from one form to another.

I decide to have a sleep, to feel the
shifting beauties in my dream...

I offered my best self today

It doesn't matter if I did everything perfectly

The day is now in the past and will let it be

I am looking forward to the morning

I will feed my strength with sleep

Tomorrow I can grow further

I have the power to make tomorrow a great day
