

「One day, a Giant was born to help humans.」

Then, he discovered he was hurting  
humans instead.

Realizing that he had lost his purpose, the  
Giant became sad.

Suddenly, he felt someone poking  
his leg.

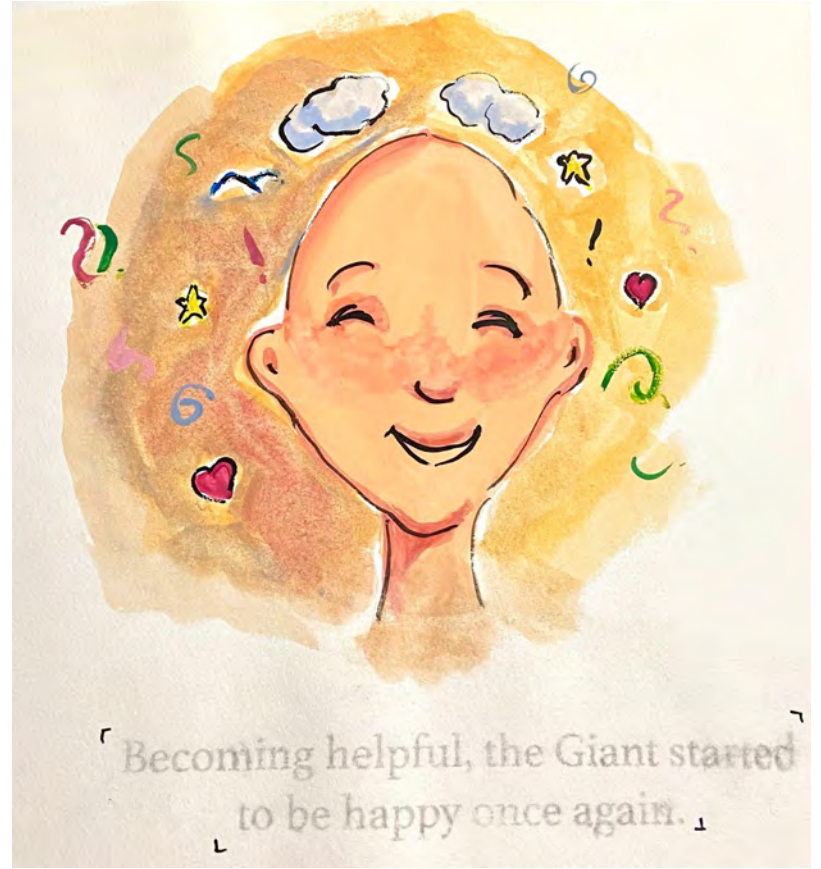

Looking down, he met a little girl offering  
him a sticker.

Accepting the gift, he noticed others started  
to follow and offer similar creations.

「 Becoming helpful, the Giant started  
to be happy once again. 」
